

2-40-822. General requirements for equidae entering Arkansas.

(a) All equidae entering Arkansas must be accompanied by a record of a negative current official equine infectious anemia test.

(b) All equidae must also be accompanied by a certificate of veterinary inspection, listing information from a record of a negative official equine infectious anemia test, the name and address of the consignor and consignee, the number of animals in the shipment, and a description which accurately identifies each animal.

(c) A foal under six (6) months old accompanied by a negative dam does not have to be tested for equine infectious anemia.

20. History. Acts 1997, No. 1306, §
